

TREASURE CHASING 101

1. Instructions:

While one player controls the **Adventurer**, you are the **Professor**. Your job is to inform the **Adventurer** the right direction that he must go to find the treasure.

BEWARE: the desert can be very treacherous. If you get lost, you may find yourself soaking in quicksand or caught by wild animals, like scorpions and snakes.

2. Gameplay:

The **Adventurer** should inform the **Professor** the quantity of **objects** and which ones they are, then follow the instructions that the **Professor** informs. He is controlled by the keyboard, using the 'wasd' keys and must reach the border of the screen to go to the next level.

The **Professor** should inform the **Adventurer** which direction he must go to avoid the dangers and find the treasure. To do this, he must check the table below and inform the right direction to the **Adventurer**.

Obs.: Objects can be **Cactus** or **Rocks**.
